90127-KF0-770	COLLAR (6X4)	3

-REMOVAL-

- 1. Remove passenger seat.**
- 2. Disconnect turn signal and license plate light connectors.**
- 3. Remove stock fender assembly by removing the (3) bolts securing fender assembly to subframe.**
- 4. Remove left and right turn signals from stock fender assembly by removing the screw and plate securing turn signal to fender assembly.**
- 5. Cut the stock license plate light connector from the stock fender assembly. Be sure to cut at least a 6" section of wire from the connector. Using the connectors in the kit, connect the Yoshimura Fender Eliminator wires to the stock license plate light connector as follows: Red wire goes to the brown wire w/ white stripe; Black wire goes to green wire.**

-INSTALLATION-

- 1. Using the supplied nuts and washers, install Yoshimura fender eliminator bracket as shown in the parts diagram.**
- 2. Install Yoshimura LED license plate light onto license plate bracket using the (2) screws provided in the kit. See diagram for proper orientation.**
- 3. Install license plate bracket onto fender eliminator bracket. See diagram for proper orientation and order of hardware.**
- 4. Route wiring through hole in bracket, then through tail section to stock location. Using the connectors in the kit, connect the Yoshimura Fender Eliminator wires to the stock license plate light connector as follows: Red wire goes to the brown wire w/ white stripe; Black wire goes to green wire. Connect license plate light connector and turn signal connectors to stock harness.**
- 5. Install stock turn signals onto Yoshimura turn signal brackets and secure using the stock turn signal plate and screw.**
- 6. Install turn signal bracket onto Yoshimura Fender Eliminator using supplied hardware. See diagram for proper orientation.**
- 7. Use provided cable ties to secure license plate light and turn signal wires.**
- 8. Re-install passenger seat.**
- 9. Check for function of license plate light and turn signals and that all brackets and components are secure prior to riding.**
